### **Report Summary**

VDC Research Group is pleased to announce the release of six reports covering the worldwide UPS market: three reports on the UPS 20 kVA and Under markets, and three reports on the UPS 20.1 kVA and Over markets. These reports analyze shipments of uninterruptible power supplies to the Americas, EMEA (Europe, Middle East, Africa), and Asia-Pacific regions. The reports also contain rankings of purchase criteria by UPS specifiers, competitive market share, discussions of energy storage technologies and profiles of leading and emerging vendors. The reports are designed to serve as a marketing tool for companies who currently manufacture or resell UPSs, or for companies who are considering entering these markets.
