

1a. Public Key Infrastructure (PKI)	I-5
1b. Web Single Sign-On	I-5
1c. Host Single Sign-On	I-5
1d. User Provisioning	I-5
1e. Directory Services	I-5
1f. Legacy Authorization	I-5
1g. Advanced Authentication	I-6
2. Secure Content Management (SCM)	I-6
2a. Antivirus Software	I-6
2b. Web/Content Filtering	I-6
2c. Messaging Security (E-mail Scanning)	I-6
3. Intrusion Detection/Prevention (IDP)	I-6
4. Security & Vulnerability Management	I-6
5. Firewall/VPN Software	I-7
6. Other Security Software	I-7
Information Security Hardware	I-7
1. Hardware Authentication Products	I-7
1a. Tokens	I-7
1b. Smart Cards	I-7
1c. Biometrics	I-8
2. Threat Management Security Appliances	I-8
2a. Firewall/VPN Appliances	I-8
2b. SCM Appliances	I-8
2c. Intrusion Detection/Prevention Appliances	I-8
2d. Unified Threat Management (UTM) Appliances	I-8
Information Security Services	I-8
1. Consulting Services	I-9
2. Education and Training Services	I-9
3. Implementation Services	I-9
4. Management Services	I-9
5. Response Services	I-9

## II. EXECUTIVE SUMMARY

1. Market Overview	II-1
Market on a Roll	II-1
Market Drivers	II-1
Rapid Expansion in Security Technologies	II-1
Regulatory Compliance Requirements	II-1
Fading Boundaries	II-1
On-Demand Computing	II-2
Dearth of Trained Staff and Infrastructure	II-2
Sophisticated Security Products	II-2
Escalation in Frequency of Threats	II-2
Growth in Effectiveness of Attacks	II-2
Rise in Business Over Internet	II-2
Market Growth Inhibitors	II-3
Global Market Overview and Analysis	II-3
US Holds the Lion's Share	II-3

Table 1: Global Market for Information Security Products & Services (2000-2010): Geographic Regions Ranked by CAGR - Asia-Pacific (Excl. Japan), Europe, Latin America, Canada, US and Japan (includes corresponding Graph/Chart)	II-3
Services Hold the Largest Chunk	II-3
Table 2: Global Market for Information Security Products & Services (2000-2010): Information Security Segments Ranked by CAGR - Information Security Services, Information Security Hardware and Information Security Software (includes corresponding Graph/Chart)	II-4
Hardware Security Appliances Outpaces Security Software Growth	II-4
Table 3: Worldwide Information Security Market by Infrastructure (2005): Usage of Technology for Large Businesses, Medium Businesses and Small Businesses (includes corresponding Graph/Chart)	II-4
End Use Markets	II-4
Table 4: Worldwide Information Security Market (2005): Percentage Breakdown of Spending by End Use Industries for Finance, Infrastructure, Manufacturing, Services, Public Sector, and Others (includes corresponding Graph/Chart)	II-5
Information Security Market - Principal Characteristics	II-5
Highly Competitive	II-5
Consolidating Products	II-6
Convergence - Another Form of Consolidation	II-6
Rapid Change in Technologies	II-6
Growing Demand for Information Security Professionals	II-6
Point Product Vendors on Decline	II-6
Table 5: Worldwide Information Security Market by Distribution Channel (2004 & 2005): Percentage Breakdown of Revenues by Direct, Single-Tier Resale, Multi-Tier and OEM Channels (includes corresponding Graph/Chart)	II-7
Complexity Prevails	II-7
Lack of Full-Proof Security Solutions	II-7
Different Appliance Shapes and Sizes	II-7
Appliances Offer Multiple Applications	II-8
2. Information Security Products & Services - A Market Insight	II-9
Information Security Software Market on a Growth Spree	II-9
Identity & Access Management Solutions - Still an Undersized Market	II-9
Legacy Authorization	II-10
Secure Content Management Leads the Pack	II-10
Antivirus Accounts for Lion's Share	II-10
Web Filtering	II-10
Messaging Security (E-mail Scanning) - A Promising Market	II-11
Intrusion Detection/Prevention	II-11
Security & Vulnerability Management	II-11
Firewall/VPN Software	II-11
Information Security Hardware	II-11
Hardware Authentication - A Trivial but Embryonic Market	II-12

Biometrics	II-12	
Tokens & Smart Cards	II-12	
Threat Management Security Appliances - Order of the Day		II-12
Firewall/VPN Appliances	II-12	
VPN Market on an Upswing	II-13	
SSL VPN - A Nascent Market	II-13	
SCM Appliances	II-13	
Intrusion Detection/Prevention Appliances	II-13	
UTM Appliances - A Whip on Blended Security Threats		II-13
Increasing Fascination for UTM Appliances in Large Enterprises		II-14
Information Security Services - The Mushrooming Segment		II-14
3. Competitive Landscape	II-15	
Technological Convergence Paves Way for Consolidation		II-15
Leading Participants by Industry Segment	II-15	
Worldwide Information Security Products and Services Market:		
Leading Players by Select Segment	II-15	
Table 6: Leading Players in the World Market for Information Security Software (2003 & 2005) - Percentage Breakdown of Revenues by Vendor for Check Point/Nokia, Computer Associates, Network Associates* (McAfee), Symantec, Trend Micro, and Others (includes corresponding Graph/Chart)		II-16
Table 7: Leading Players in the World Market for Identity & Access Management Software (2003 & 2005) - Percentage Breakdown of Revenues by Vendor for Computer Associates, IBM, VeriSign, RSA, Netegrity, Entrust, Novell, Sun, and Others (includes corresponding Graph/Chart)		II-17
Table 8: Leading Players in the World Market for Secure Content Management Software (2003-2005) - Percentage Breakdown of Revenues by Vendor for Symantec, Network Associates (McAfee), TrendMicro, Computer Associates, and Others (includes corresponding Graph/Chart)		II-18
Table 9: Leading Players in the World Market for Antivirus Software (2003 & 2005) - Percentage Breakdown of Revenues by Vendor for Symantec, Network Associates (McAfee), Trend Micro, Computer Associates, and Others (includes corresponding Graph/Chart)		II-19
Table 10: Leading Players in the World Market for Web Filtering Software (2003, 2004 & 2005) - Percentage Breakdown of Revenues by Vendor for Websense, SurfControl, Secure Computing, Symantec, CyberGuard and Others (includes corresponding Graph/Chart)		II-20
Table 11: Leading Players in the World Market for Messaging Security (2004 & 2005) - Percentage Breakdown of Revenues by Vendor for Symantec, CipherTrust, Tumbleweed, Clearswift,		

Postini, SurfControl and Others (includes corresponding Graph/Chart) II-21

Table 12: Leading Players in the World Market for Security & Vulnerability Management Software (2003 & 2005) - Percentage Breakdown of Revenues by Vendor for Computer Associates, Symantec, NetIQ, HP, BindView, ISS and Others (includes corresponding Graph/Chart) II-22

Table 13: Leading Players in the World Market for Patching and Remediation Software (2004 & 2006 (E)) - Percentage Breakdown of Revenues by Vendor for PatchLink, Shavlik Technologies, St. Bernard, Microsoft, HP and Others (includes corresponding Graph/Chart) II-23

Table 14: Leading Players in the World Market for Intrusion Detection/Prevention Software (2003 & 2005) - Percentage Breakdown of Revenues by Vendor for Computer Associates, Internet Security Systems, Symantec, and Others (includes corresponding Graph/Chart) II-23

Table 15: Leading Players in the World Market for Network Intrusion Detection/Prevention Software (2003 & 2005) - Percentage Breakdown of Revenues by Vendor for Internet Security Systems, Symantec, and Others (includes corresponding Graph/Chart) II-24

Table 16: Leading Players in the World Market for Host Intrusion Detection/Prevention Software (2003 & 2005) - Percentage Breakdown of Revenues by Vendor for Internet Security Systems, Network Associates (McAfee), Tripwire, Cisco, Symantec, and Others (includes corresponding Graph/Chart) II-24

Table 17: Leading Players in the World Market for Firewall/VPN (2004, 2005 & 2006): Percentage Breakdown of Revenues by Vendor for Cisco, Check Point, NetScreen/Juniper, Nokia, Nortel, SonicWALL, and Others (includes corresponding Graph/Chart) II-25

Table 18: Leading Players in the World Market for Firewall/VPN Software (2004, 2005 & 2006): Percentage Breakdown of Revenues by Vendor for Check Point, Microsoft, Symantec and Others (includes corresponding Graph/Chart) II-25

Table 19: Leading Players in the World Market for Firewall/VPN Hardware (2004, 2005 & 2006): Percentage Breakdown of Revenues by Vendor for Cisco, SonicWALL, WatchGuard, Juniper, Nortel, Symantec, Nokia, and Others (includes corresponding Graph/Chart) II-26

Table 20: Leading Players in the World Market for Authentication Products (2003 & 2005): Percentage Breakdown of Revenues by Vendor for RSA Security, SafeNet, Aladdin Knowledge Systems, VASCO, ActivCard, Secure Computing and Others (includes corresponding Graph/Chart) II-27

Table 21: Leading Players in the World Market for Security Appliances (2004 & 2005): Percentage Breakdown of Revenues by Vendor for Cisco, Juniper, Nokia, SonicWALL, Internet Security Systems and Others (includes corresponding Graph/Chart) II-28

Table 22: Leading Players in the World Market for SCM Appliances (2004): Percentage Breakdown of Revenues by Vendor for CipherTrust, IronPort, Barracuda, Borderware, Proofpoint and Others (includes corresponding Graph/Chart) II-28

Table 23: Leading Players in the World Market for Intrusion Detection and Prevention Systems (2004, 2005 & 2006): Percentage Breakdown of Revenues by Vendor for Cisco, Internet Security Systems, McAfee, SourceFire, Juniper, Check Point and Others (includes corresponding Graph/Chart) II-29

Table 24: Leading Players in the World Market for Network Intrusion Detection and Prevention Appliances (2004 & 2006 E): Percentage Breakdown of Revenues by Vendor for Cisco, Internet Security Systems, McAfee, Juniper, SourceFire, TippingPoint, Symantec and Others (includes corresponding Graph/Chart) II-30

Table 25: Leading Players in the World Market for Unified Threat Management Appliances (2004, 2005 & 2006): Percentage Breakdown of Revenues by Vendor for Fortinet, Symantec, Secure Computing, Juniper, Crossbeam, ServGate, SonicWALL, Check Point and Others (includes corresponding Graph/Chart) II-31

4. Product Overview	II-32
Information Security - An Introduction	II-32
Factors Affecting Implementation of Information Security Solutions by Enterprises Worldwide - Ranked in Order of Influence	II-32
Industry Wise Implementation of Information Security Policy - Industries Ranked by Level of Implementation	II-33
Information Security Related Ailments - Ranked in the Order of Relative Intensity	II-33
Key Security Issues and Implications	II-33
Inadequate Budget - Main Constraint Against Effective Information Security	II-34
External Threats Grab Limelight	II-34

Organizations are Essentially Reactive Rather than Proactive	II-34
Major Restraints to Efficient Information Security in Enterprises Worldwide -Ranked in Order of Influence	II-34
Organization Size - A Key Factor in Security Decisions	II-35
Organizational Security Strata	II-35
Security Breaches	II-36
Types of Internal Security Breaches in Organizations - Ranked in the Order of Frequency of Occurrence	II-36
Types of External Security Breaches in Organizations - Ranked in the Order of Frequency of Occurrence	II-36
Damages Caused by Security Breaches	II-36
Proprietary Information Destruction	II-36
Disruption in Systems Performance	II-37
Data/Application Damage or Corruption	II-37
Commonly Discussed Security Threats	II-37
Managing Information Security	II-38
Measures to Ensure Information Security	II-38
Information Security Projects in Organizations - Ranked in the Order of Relative Importance	II-38
<b>5. An Understanding of Key Product Segments</b>	<b>II-39</b>
Information Security Software	II-40
Identity & Access Management (I&AM)	II-40
Key Functionalities of Identity & Access Management Solutions	II-40
Authentication	II-41
Authorization	II-41
Administration	II-41
PKI (Public Key Infrastructure)	II-41
Benefits of PKI	II-42
Glitches with PKI	II-42
Single Sign-On (SSO)	II-42
Web Single Sign-On	II-42
Host Single Sign-On	II-43
User Provisioning	II-43
Directory Services	II-43
Legacy Authorization	II-43
Advanced Authentication	II-43
Secure Content Management (SCM)	II-43
Antivirus Software	II-43
Web/Content Filtering	II-44
Messaging Security (E-mail Scanning)	II-45
Table 26: Principal Factors Affecting Installation of Web/E-mail Monitoring in Organizations (includes corresponding Graph/Chart)	II-45
Intrusion Detection/Prevention (IDP)	II-45
Security & Vulnerability Management	II-46
Firewall/VPN	II-46
Firewalls	II-46
Major Firewall Types	II-47
Packet Filter Firewall	II-47

Stateful Packet Inspection Firewall	II-47
Application Layer Gateways or Proxies	II-47
Available Forms of Firewalls	II-48
Software Firewalls	II-48
Hardware Firewalls	II-48
Virtual Private Networks (VPNs)	II-48
Key Components of a VPN	II-48
VPN Gateways	II-48
Security Servers	II-48
Keys	II-48
Network	II-48
Available Forms of VPN	II-48
VPN Software	II-49
VPN Hardware	II-49
Types of VPN	II-49
Remote-access VPN	II-49
Site-to-Site VPN	II-49
Technologies Supporting Delivery of VPN Services	II-49
Internet Protocol Security (IPSec)	II-49
Point-to-Point Tunneling Protocol (PPTP)	II-49
Layer 2 Tunneling Protocol (L2TP)	II-50
Secure Socket Layer (SSL)	II-50
Multi Protocol Label Switching (MPLS)	II-50
Firewall/VPN - The Need for Integration	II-50
Encryption	II-50
Other Security Software	II-51
Information Security Hardware	II-51
Hardware Authentication Products	II-51
Tokens	II-51
Smart Cards	II-51
Biometrics	II-52
Table 27: Worldwide Market for Biometrics (2003 & 2005) - Percentage Breakdown of Usage by Technology for Finger Scan, Middleware, Facial Scan, Hand Scan, Iris Scan, and Others (includes corresponding Graph/Chart)	II-52
Threat Management Security Appliances	II-52
Firewall/VPN Appliances	II-53
SCM Appliances	II-53
Intrusion Detection/Prevention Appliances	II-53
Intrusion Detection System (IDS)	II-53
Types of IDS	II-53
Network based and Host based IDS	II-53
Misuse Detection and Anomaly Detection	II-53
Passive System and Reactive System	II-54
Intrusion Prevention System (IPS)	II-54
Unified Threat Management (UTM) Appliances - The Viable Solution	II-54
Benefits of UTM Appliances	II-54
Information Security Services	II-54
Information Security Services Life Cycle	II-55
Stages of Information Security Life Cycle	II-55

Initiation	II-55
Assessment	II-55
Solution	II-55
Implementation	II-55
Operations	II-55
Closeout	II-55
Security Policy	II-56
Program Policies	II-56
Issue-Specific Policies	II-56
System-Specific Policies	II-56
Security Services Management Tools	II-56
Metrics	II-56
Service Agreements	II-56
Types of Information Security Services	II-56
Consulting Services	II-56
Education and Training Services	II-57
Implementation Services	II-57
Management Services	II-57
Response Services	II-57
<b>6. Product Innovations/Introductions</b>	<b>II-58</b>
ActivIdentity Releases 4TRESS Kerberos Agent	II-58
ActivIdentity Launches 4TRESS' Authentication Server 3.6.1	II-58
Aladdin Launches eToken NG-FLASH 72K	II-58
Clearswift Launches MIMESweeper for Domino Edge Server	II-58
IBM Unveils High Performance Network IPS Solution	II-58
Fortinet Introduces FortiGate'-310B Multi-threat Security Appliance	II-59
Juniper launches Network Security Threat Management Solution	II-59
McAfee Unveils High Performance Network Security Platforms	II-59
RSA Expands Identity Assurance Product Line	II-59
EMC Introduces Enhances Security and Risk Management Capabilities	II-59
Symantec Launches New Service Offerings	II-60
WatchGuard Unveils Next-Generation Network Security Solutions	II-60
HP Expands Security Advantage Portfolio	II-60
Liberty Alliance Introduces Digital Identity Management Applications	II-60
McAfee Introduces Total Protection	II-61
Bull Unveils StoreWay Calypso Data Management Software	II-61
Digital Defense Unveils ISRS Portfolio	II-61
Sun Microsystems Expands Identity Management Portfolio	II-61
AirPatrol Introduces Wireless Security Product Line	II-61
Quest Software Expands Identity & Access Management Product Range	II-61
Clearswift Unveils Novel Email Firewall	II-62
Crossbeam System Introduces Novel Web Security Solution	II-62
Fortinet Launches FortiWifi'-60B, FortiGate'-60B	II-62
Fortinet Expands FortiGate'-3000 Line	II-62
Proofpoint Launches Advanced Virtual Security Appliance	II-62
Symantec Releases Norton AntiVirus 2008 & Norton Internet Security 2008	II-63

Tumbleweed Launches Novel Email Security Solution	II-63
IBM Expands Identity Management Services	II-63
Microsoft and Experian Jointly Introduce Identity Management Product	II-63
IBM Launches TSM 5.5 Version	II-63
Above Security Unveils CSC2 Application	II-64
IBM Introduces Novel Security Services and Products	II-64
Symantec Launches Database Security 3.0	II-64
Novell Launches Access Manager 3	II-64
Quantum Introduces Q-EKM Solution	II-65
Seagate Introduces 9 Security and Storage Devices	II-65
NetWrix Introduces NetWrix Password Manager	II-65
Wipro and Oracle Jointly Launch Identity Management Service	II-65
Sun Microsystems and Deloitte Jointly Launch ERLM	II-65
Cognito Unveils UNOMI' Ultra Lite Identity Management Solution	II-66
SAP Expands SAP NetWeaver® Portfolio	II-66
Sun Microsystems Launches New Identity Management Products	II-66
Oracle Introduces Oracle® Management Pack	II-66
IBM Unveils New Security Software, Identity Mixer	II-67
Centeris Launches Likewise Identity 3.0	II-67
Cyber-Ark Integrates PPM Solution into Oracle Identity Management Ecosystem	II-67
ForeScout Integrates CounterACT Solution into Oracle® Identity Manager	II-67
ActivIdentity Corporation Launches ActivIdentity Solutions for Sun	II-68
ActivIdentity Adds New Securelogin Kiosk to its Range of Healthcare Solutions	II-68
ActivIdentity Launches an Entire Line of MS-Windows Vista-Supporting Solutions	II-68
ActivIdentity Debuts Comprehensive Solutions Targeting Novell	II-68
Aladdin Knowledge Airs New Aladdin eToken PKI Client Versions	II-68
Aladdin Launches Reasonably-Priced Appliance for the SMB Market	II-69
Aladdin's ESafe WTA Offers Exclusive Security Audits for Assessing Web Protection	II-69
Aladdin Consolidates Market Leadership through the Launch of Advanced eToken Authentication Solutions	II-69
Aladdin Unleashes Industry's First-Ever Software Rights Managing Solution - HASP SRM	II-69
EVault Web CentralControl Launched for Easy Management of Data Security Environments	II-69
Barracuda Makes Third Generation Enhancement to the Company's Image Spam Defense	II-70
Barracuda Web Filter Includes New Skype Management Features	II-70
BorderWare Offers SIPassure VoIP Security on Sun Microsystems Technology US)	II-70
BorderWare Launches Domain and User Reputation Patent Pending Technologies	II-70
BorderWare Offers Multi Protocol Behavioural Analysis Systems	II-70
EVault Launches EVault Web CentralControl	II-71

Check Point Releases NGX R65, the Upgraded Version of Unified Security Architecture Platform with Additional Features and Enhanced Performance	II-71
Check Point Introduces New UTM Security Appliances for Medium Scale Enterprises	II-71
Check Point Launches New Adaptive Security Solution for Converged Carrier Communications	II-71
Check Point Introduces ZoneAlarm Internet Security Suite 7.0	II-72
Fortinet Launches a Security Software Agent for Mobile Devices	II-72
Fujitsu and Softex Together Develop Integrated Authentication Device For Security Market	II-72
Fortinet Raises The Bar For Multi-Threat Security With The Release of Fortigate-3600a	II-72
Fortinet Releases Combined Security and Networking Platform, Fortigate-224B	II-73
Enterasys Releases Upgraded Version Of Enterasys Sentinel Nac Solution for Superior Network Access Control	II-73
IronPort® Systems, Inc. Integrates Malware Filtering, Reputation Filtering and URL Filtering into its IronPort S-Series' Web Security Appliances	II-73
IronPort® Systems, Inc. Releases Advanced Context Adaptive Scanning Engine ' (CASE) 2.0	II-73
IronPort® Systems, Inc. Launches the IronPort C650' Email Security Appliance	II-73
L-1 Identity Solutions, Inc. Launches Latest Version of IBIS	II-74
Microsoft Corp. Introduces Range of Anti-Spam and Anti-Virus Products	II-74
Mirage Networks® Introduces Next-generation Mirage NAC' Version 3	II-74
nCipher Plc Releases KeepSecure Product Suite	II-74
nCipher Plc. Releases miniHSM'	II-75
NetIQ Corp. Introduces NetIQ® IntelliPolicy for Clients 1.7	II-75
NetIQ Corporation Unveils NetIQ® DRA 8.0	II-75
Norman Introduces New Online Security Solution to Prevent Malware Attacks	II-75
Norman Introduces SandBox Analyzer	II-75
Secure Computing Presents Sidewinder 7.0	II-76
Sophos Unveils Sophos Mobile Security for Windows Mobile	II-76
Secure computing Corporation Introduces Webwasher 6.5 in Its Unique Web Gateway Security	II-76
Sophos Launches ES1000 Email Security Appliance for SMEs	II-76
Sophos Launches WS1000 Web Control Platform	II-76
Stonesoft Corp Launches New Generation StoneGate' Security	II-77
Symantec Launches New Security Information Manager	II-77
Trend Micro Introduces New Beta Version of ScanMail for Microsoft Exchange	II-77
Trend Micro Introduces New Versions of Worry- Free Security Products	II-77
Trend Micro Introduces Security Suite Compatible with Windows Vista	II-77
Trend Micro Introduces New Versions of InterScan Messaging	

Security Suite and InterScan Messaging Security Appliance	II-78
Websense Launches Websense® Content Protection Suite	II-78
Oakley Networks Introduces SureView' 4.0 Software	II-78
Ceelox Introduces New Email Encryption Solution	II-78
Verizon Business Launches Verizon Managed Web Content Services	II-79
EMC Expands Information Security Services Portfolio	II-79
eSoft Unveils Desktop Anti-Virus/Spyware Suite	II-79
Crossroads Launches Enhanced Database Security Appliance Version	II-79
SAVVIS Launches Managed Security Service through Cisco Adaptive Security Appliance	II-79
Velosecure Launches Identity Finder, a New Software Product to Prevent Identity Theft	II-79
GFI Software Releases the New Version of GFI LANguard N.S.S. 8	II-80
TippingPoint Announces Fine-Grained NAC Solution	II-80
Utimaco to Introduce SafeGuard Enterprise 5.0	II-80
TippingPoint Offers Managed Security Service for TippingPoint IPS	II-80
ActivIdentity Rolls Out Mini Token OE and Authentication SDK	II-80
Stonesoft Creates Position-Identifying Technology for Personal Firewalls	II-81
ActivIdentity Introduces Industry's First e-SSO Solution Featuring Completely Integrated Smart Card Support	II-81
Aladdin Knowledge Systems Debuts Aladdin eToken NG-OTP 2.0, a Hybrid Device	II-81
Aladdin Introduces eToken NG-FLASH	II-81
Aladdin Launches eToken Middleware Software for Linux and MAC OS	II-81
Barracuda Networks Introduces Barracuda Load Balancer	II-82
Barracuda Networks Introduces Barracuda IM Firewall World Over	II-82
Barracuda Networks Launches Barracuda Spyware Removal Tool	II-82
BigFix Releases BigFix Enterprise Suite 6.0	II-82
BigFix Introduces BigFix Vulnerability and Security Configuration Management Suite	II-83
BorderWare Offers Intercept' Technology to Combat Image Spam	II-83
BorderWare Launches Integrated Content Security Platform	II-83
CA Introduces Innovative IAM Solution for Minimizing Risk	II-83
CA Introduces New eTrust SiteMinder 6.0 SP5	II-84
CA Introduces Comprehensive Set of Security and Desktop Management Solutions	II-84
CA Introduces Three New IAM Systems	II-84
CA Launches New eTrust SCM r8 for Protection against Data Confidentiality Violations, Messaging and Web Threats	II-84
CA Releases CA Integrated Threat Management r8 Security Product	II-84
Check Point® Unveils the Upgraded VPN-1 UTM Edge 7.0 Appliance	II-84
Check Point Releases SecureClient' Mobile	II-85
Check Point Launches ZoneAlarm Secure Wireless Router	II-85
Check Point Software Releases Check Point VPN-1 UTM Edge	II-85
Check Point Software Launches ZoneAlarm Internet Security Suite 6.5	II-85
Check Point Software Launches Safe@Office UTM Appliance with ADSL Modem	II-85
Check Point Software Introduces Integrity Clientless Security 4.0	II-86

Check Point Software Introduces VPN-1 Power and VPN-1 UTM Gateways	II-86
Check Point Software Introduces New Version of NGX Security Platform	II-86
Cisco Launches Cisco Secure Services Client 4.0 Mobile Enterprise Security Software	II-86
Cisco Systems Unveils NAC Appliance 4.0	II-86
Cisco Systems Launches Two New Adaptive Security Appliance Models CSA 5505 and 5550	II-87
Cisco Systems Inc Adds CSC-SSM Services to Anti-X SSLVPN Solution	II-87
Cisco Systems Inc Launches New Cisco Security Management Suite	II-87
Clearswift Launches MIMesweeper Web Appliance	II-87
Clearswift Launches MIMesweeper SMTP Appliance 2.4 Version	II-87
Enterasys Presents A Pioneering Integrated Solution	II-88
Cybertrust Expands MMS Portfolio with the Addition of Cybertrust Intelligent Service	II-88
Crossbeam Adds C12 And C25 Utm Platforms to its C-Series Range	II-88
Websense and Crossbeam Jointly Introduce Webblazer'	II-88
Clearswift Presents New Version of Mimesweeper	II-88
Clearswift Unveils Mimesweeper SMTP Appliance Version 2.3 to Simplify Email Security	II-88
F-Secure Launches F-Secure® Service Platform for Gateways	II-89
F-Secure Unveils F-Secure Messaging Security Gateway' P-Series	II-89
IBM Launches Tivoli Provisioning Manager for Software	II-89
IBM Introduces Tivoli Security Operations Manager	II-89
IBM Research Labs Releases New Software	II-90
IBM Introduces SOA Security Consulting Services and WebSphere DataPower SOA Appliances	II-90
IBM Releases Tivoli Identity Manager Express	II-90
Internet Security Systems Releases Proventia Management SiteProtector	II-90
IronPort Systems Launches the IronPort M-Series Security Management Appliances	II-90
Juniper Networks Announces Advanced IDP Platform and Software	II-91
Juniper Networks Unveils SSG 5, SSG 140 and SSG 20	II-91
Juniper Networks Launches DXOSTM version 5.1	II-91
Juniper Networks Introduces SA 6000 FIPS and SA 4000 FIPS	II-91
Juniper Networks Unveils SSG 550 and 520 Platforms	II-91
McAfee Releases McAfee® Total Protection for Enterprise 2.0	II-92
McAfee Unveils McAfee® VirusScan®	II-92
McAfee Introduces Falcon	II-92
Microsoft Introduces Beta Version of ForeFront Security	II-92
Norman Releases NVC	II-92
Norman Introduces NVCNet for Terminal Servers	II-93
Proofpoint Launches Enterprise-class Messaging Security Gateway' Virtual Edition	II-93
Proofpoint Introduces Next-generation Messaging Security Messaging Security Gateway' 4.0 Appliance	II-93
Proofpoint Introduces New Zero-Hour Anti- Virus' Module	II-93
RSA Security Introduces RSA® Access Manager 6.0	II-93

SafeNet Launches Client-Server IPSec and IKEv2 Security Toolkits for Networking OEMs	II-94
SafeNet Offers Data-at-Rest Shield for Workstations, Servers and Laptops	II-94
SafeNet Launches Borderless Access Server to Determine Secure Remote Access Challenges	II-94
SafeNet Introduces Ethernet Encryptors for Secure Communications on Metro Ethernet	II-94
F5 Networks and Secure Computing Jointly Launch BIG-IP Message Security Module	II-94
Secure Computing Introduces SafeWord SecureWire 50 IAM Appliance	II-95
Secure Computing Introduces SafeWord SecureWire IAM Appliance	II-95
SonicWALL Releases New Version of SonicWALL Email Security 5.0	II-95
SonicWALL Launches New IKEv2-enabled SonicOS 3.2	II-95
SonicWALL Launches New SonicWALL Email Security	II-95
SonicWALL and Canon System Launch GUARDIANBOX URL Filter	II-96
Sophos Releases Application Control Feature for Sophos Anti-Virus Version 6	II-96
Sophos Unveils Sophos New Anti-Virus 5.0 Version for Linux	II-96
Sophos Unveils Sophos Anti-Virus 4.7 Version for Mac OS X	II-96
Sourcefire Unveils OfficeCat Security Tool for Microsoft Office Applications	II-96
Sophos Launches ES4000 Email Security Appliance	II-97
Singlefin Announces Free E-mail Filtering Service	II-97
Stonesoft Develops StoneGate IPS Solution for Secure Information Flow	II-97
Sun Launches Java Card' 2.2.2	II-97
SurfControl Introduces On-demand 'WebDefense' and 'MailControl' Services	II-97
SurfControl Updates Web Filter 5.5	II-97
Symantec upgrades AntiVirus Corporate Edition and Antivirus Enterprises Edition that Support MS Windows Vista	II-98
Symantec Launches Norton Confidential for Macintosh	II-98
Symantec Launches Symantec Database Security to Protect Enterprise Database Management Systems	II-98
Symantec Launches New Mail Security for Data Protection	II-98
Symantec Launches World's First Complete Online Transaction Security Solution	II-98
Symantec Launches Windows Small Business Server Compatible Mail Security	II-98
Symantec Launches Symantec Web Security 5.0 Compatible with Microsoft Internet Security and Acceleration [ISA] Server 2004	II-99
Symantec Launches Symantec Mail Security 8220 Appliance	II-99
Nexus launches New Version of Nexus Application Suite	II-99
Nexus Launches Digital Identity Software for Mac Users	II-99
Trend Micro Launches InterScan Messaging Security Appliance	II-99
Trend Micro Launches InterScan Gateway Security Appliance	II-100
Trend Micro Introduces PC-cillin Internet Security	II-100
Trend Micro Introduces Email Security Services	II-100

Trend Micro Launches Network Virus Wall Enforcer	II-100
Trend Micro Presents New Hardware Solution for Network Security	II-100
